

European Aviation Safety Agency

APPROVAL CERTIFICATE

EASA.21J.248

Pursuant to Regulations (EC) 216/2008 and (EC) 748/2012 and subject to the conditions specified below, the Agency hereby certifies

MTU Aero Engines AG

**Dachauer Str. 665
D-80995 München
Germany**

as a DESIGN ORGANISATION

approved according to Part 21, Section A, Subpart J

CONDITIONS :

1. The approval is limited to that specified in the enclosed Terms of Approval, and
2. This approval requires compliance with the procedures specified in the Design Organisation Handbook, reference MM02-06, in the latest revision, and
3. This approval is valid whilst the approved Design Organisation remains in compliance with Part 21, Section A, Subpart J.
4. Subject to compliance with the foregoing conditions, this approval shall remain valid until surrendered or revoked.

For the European Aviation Safety Agency,

Date of issue: 07 June 2013

Roger SIMON

Design Organisation Manager

European Aviation Safety Agency

Terms of Approval

**Design Organisation Approval Certificate
EASA.21J.248**

1. Scope of approval

This Design Organisation Approval has been granted for:

- designing changes and repairs to engines in accordance with the applicable type-certification basis and environmental protection requirements
- showing and verifying the compliance with the applicable type-certification basis and environmental protection requirements, and
- demonstrating to the Agency this compliance.

2. Categories of products

Engines

3. List of products

[Not applicable]

4. Privileges

(a) The holder of this design organisation approval shall be entitled to perform design activities under Part 21 and within its scope of approval.

(b) Subject to 21.A.257(b), the Agency shall accept without further verification compliance documents submitted by the holder of this design organisation approval for the purpose of obtaining:

1. a supplemental type-certificate; or
2. a major repair design approval.

(c) The holder of this design organisation approval shall be entitled, within its terms of approval and under the relevant procedures of the design assurance system:

1. to classify changes to type design and repairs as "major" or "minor";
2. to approve minor changes to type design and minor repairs;
3. to issue information or instructions containing the following statement: "The technical content of this document is approved under the authority of DOA ref. EASA.21J.248";
4. to approve the design of major repairs to products for which it holds the supplemental type-certificate.

5. Limitations

[See in 1, above]
